

Subject: Get a \$[Amount] bonus when you open a student checking account!

Hi [Friend's Name],

I've been using the Student Checking account at [Bank Name] and thought you might be interested in it too. Since we are both students, I wanted to share a referral bonus with you.

If you open a new account using my referral link or code, we both get a cash bonus!

The Offer:

- You get: \$[Amount] bonus
- I get: \$[Amount] bonus

How to get it:

1. Click my referral link: [Referral Link]
2. Open a Student Checking account.
3. Complete the qualifying requirements: [Mention requirement, e.g., make 5 debit card purchases or deposit \$50].

This account is great because it has [mention a feature, e.g., no monthly fees and a great mobile app].

Let me know if you have any questions!

Best regards,

[Your Name]
