

Subject: Urgent: Security Alert Regarding Your Account

Dear [User Name],

This is an automated notification to inform you that we have detected unusual or suspicious activity on your account (Username: [Username/Email]).

Activity Details:

- **Date:** [Date]
- **Time:** [Time and Timezone]
- **Location:** [City, Country]
- **Device/Browser:** [Device Type / Browser Name]
- **IP Address:** [IP Address]

If this was you, you can disregard this message. No further action is required.

If this was NOT you, please take the following steps immediately:

1. Log in to your account and change your password.
2. Enable Two-Factor Authentication (2FA) if you have not already done so.
3. Review your recent account history for any unauthorized changes.
4. Contact our security team at [Support Email/Link] if you notice any discrepancies.

To protect your information, we may have temporarily restricted certain features on your account until your identity is verified.

Thank you for helping us keep your account secure.

Best regards,

[Company Name] Security Team
