RE: Mortgage Loan Account Number: [Your Loan Number]

Dear Mortgage Servicing Department,

I am writing to formally request a strategy to accelerate the payoff of my mortgage following my recent bankruptcy discharge (Case Number: [Your Case Number]). Although my personal liability for this debt was discharged, I intend to continue making voluntary payments to retain the property and eventually satisfy the lien in full.

Please provide me with the following information regarding my account:

- Current principal balance and remaining term of the loan.
- Current interest rate and escrow balance.
- Confirmation of the process for applying additional principal-only payments.
- An amortization schedule showing the impact of an additional monthly payment of \$[Amount] toward the principal.

Please ensure that all future statements and correspondence reflect my voluntary payments accurately. I would like to clarify that this letter is not an attempt to reaffirm the debt, but rather a request for information to facilitate the efficient repayment of the underlying lien on the property.

Please send the requested information to the address listed above within [Number] business days.

Sincerely,

[Your Signature]
