Subject: Professional Skills Assessment for [Candidate Full Name]

To Whom It May Concern,

I am writing to formally provide a professional skills assessment for **[Candidate Full Name]**, who has served as a **[Job Title]** at **[Company Name]** from **[Start Date]** to **[End Date/Present]**.

During this period, [Candidate Name] has demonstrated high proficiency in the following technical areas:

- **Programming Languages & Frameworks:** [e.g., Java, Python, React]
- **Systems & Infrastructure:** [e.g., AWS, Azure, Linux Administration]
- **Database Management:** [e.g., SQL Server, PostgreSQL, MongoDB]
- **Tools & Methodologies:** [e.g., Docker, Jenkins, Agile/Scrum]

Key Performance Highlights:

- Successfully led the [Project Name], resulting in a [Percentage]% increase in system efficiency.
- Demonstrated strong analytical skills in troubleshooting complex network latency issues.
- Collaborated with cross-functional teams to deploy secure API integrations.

In addition to technical expertise, [Candidate Name] possesses strong soft skills, including proactive communication, documentation accuracy, and a disciplined approach to version control and security protocols.

Based on my direct supervision and review of their work, I confirm that [Candidate Name] meets the professional standards required for [Specific Certification/Visa Category/Job Level].

Please feel free to contact me if you require further verification of these skills.

Sincerely,
