

Subject: Availability Notification: Cloud Native Architecture Specialist - [Your Name]

Dear [Recipient Name/Hiring Manager],

I am writing to formally confirm my current availability for new opportunities as a Cloud Native Architecture Specialist, effective [Start Date].

With expertise in designing scalable, resilient systems using Kubernetes, microservices, and serverless computing, I am prepared to contribute to your organization's digital transformation goals. My technical proficiencies include:

- Container Orchestration (Kubernetes, Docker)
- Public Cloud Platforms (AWS, Azure, or GCP)
- Infrastructure as Code (Terraform, Pulumi)
- CI/CD Pipeline Development
- Service Mesh and Observability (Istio, Prometheus, Grafana)

I am available for [Full-time / Contract / Remote] engagements and am eager to discuss how my architectural experience can support your upcoming cloud initiatives.

Please find my resume attached for your review. I look forward to hearing from you.

Best regards,

[Your Name]
