

# URGENT: EMERGENCY ASBESTOS DISTURBANCE NOTICE

**Date:** [Insert Date]

**Location:** [Insert Specific Area/Room Number/Building Address]

## TO ALL OCCUPANTS AND PERSONNEL:

This is an emergency notification regarding a potential disturbance of Asbestos-Containing Materials (ACM) at the location listed above.

### Nature of Incident:

[Briefly describe incident, e.g., accidental wall damage, ceiling collapse, or unauthorized drilling]

### Immediate Actions Required:

- **EVACUATE:** Leave the affected area immediately.
- **DO NOT ENTER:** Access to this area is strictly prohibited until further notice.
- **DO NOT DISTURB:** Do not attempt to clean up debris, sweep, or vacuum the area, as this may release harmful fibers into the air.
- **CLOSE DOORS:** If safe to do so, close all doors leading to the affected area to prevent cross-contamination.

### Next Steps:

Professional abatement contractors and environmental consultants have been notified to perform air quality testing and necessary remediation. The area will remain sealed until it has been professionally cleared for re-entry.

### Contact Information:

If you believe you were present in the room at the time of the disturbance, or if you have questions, please contact:
